Oxivir Excel Foam CE

Cleaner & disinfectant for non-invasive medical devices and nonporous surfaces

Description

Diversey Oxivir Excel Combined Cleaner & Disinfectant, powered by AHP Technology, provides you with the best
alternative to your traditional disinfectants by delivering a full virucidal efficacy in just 30 seconds, while being very gentle to surfaces and with the lowest risk to your staff and customer. The active ingredient, hydrogen peroxide, breaks down into environmentally-friendly water and oxygen just minutes after use leaving no residues that might be harmful or change the appearance of the surface.

Key properties

- Full virucidal claim in just 30 sec
- Fast kill claims for a broad spectrum of viruses, bacteria and yeasticidal
- Fragrance free
- No rinsing required
- Safer for the environment, as well for the users, since the actives breaks down into water and oxygen as APEs, NPEs and VOCs
- Efficiency, improves labour fall in "One" product
- Convenient, no preparation or laundry required

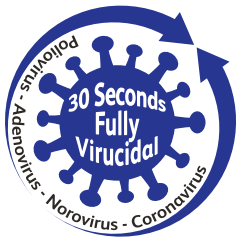

Benefits

- Broad efficacy provides the highest levels of patient protection. Extensively tested against European norms and effective against multiple pathogens of concern, carries a full virucidal claim including Poliovirus, Adenovirus, and Murine norovirus, considered effective against all enveloped viruses such as: HIV, HBV, HCV, Influenza, Vaccinia virus and Coronavirus.
- Short contact times keep the surface wet thus ensuring disinfectant efficacy
- Excellent cleaning performance, including descaling and lime limitation removes the need for a pre-cleaning step
- Excellent user safety profile reduces worker risk, with no hazard warnings; does not contain respiratory irritants
- AHP formulation is gentle on surfaces extending equipment life
- Suitable for use in high risk areas in Healthcare, including OR, ICU, NICU and patient rooms
- Improve the disinfection compliance at 35%

Use instructions

Spray cleaning and disinfection:

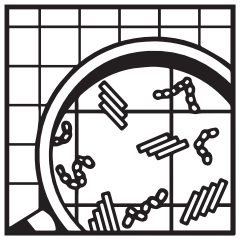

1. Remove gross soils.
2. Apply to surfaces by either spraying the wiping cloth and wiping surfaces or applying directly to the surface by using a trigger sprayer.
3. After the contact time*, either wipe dry or allow to air dry.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Oxivir Excel Foam CE

Dry Wipes Disposable Wiping System:

1. Prepare Dry Wipes Disposable Wiping System according to instructions.
2. Remove gross soils.
3. Remove single wipe and wipe the surface.
4. After the contact time*, either wipe dry or allow to air dry.
5. Change the wipe when visibly soiled, moving to other cleaning area or not wetting the surface anymore

**Ensure surface stays wet for duration of contact time.*

Technical data

Appearance: Clear, colourless liquid
Odour: Neutral
pH value (in use): 1.95
Relative density (20°C): 1.000
Shelf life: 720 days
The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.
Reacts with oxidisable substances. Shelf life of 2 years from date of manufacture.

Product compatibility

Important: Do not mix with other products. Do not use warm water. Do not use on water- or acid-sensitive surfaces. Under recommended conditions of use, Diversey Oxivir Excel is suitable for use on most materials commonly encountered.

Microbiological data

Efficacy proven by compliance with European norms. VAH listed. See EN tabel on last page

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.

Available pack sizes

Oxivir Excel Foam is available in 6x0.75L and 2x5L.
